What to wear!?

This very much depends on the type of head shot that you're after.

For actors head shot we highly recommend wearing a plain white, grey or black top

For business people, anything goes! Depending on your business type anything from t-shirts to suits and ties can work.

Do you wear a uniform?

Why not wear that!

For personal head shots, it's best to wear something that makes you feel great or has sentimental value to you.

Feel free to call the studio on 01202 432234 to discuss your clothing options.
